SILVER WEDDING ANNIVERSARY

Many Friends and Relatives
in Attendance at the
Old Guffin Home

RECEIVE MANY PRESENTS

Mr. and Mrs. O. F. Guffin of
Noble Township Celebrate
Twenty-fifth Anniversary

O. F. Guffin and wife celebrated in brilliant style the twenty-fifth mile stone of their married life at their home in Noble township, Thursday, December 13th.

A great number of relatives and friends gathered in response to invitation to do honor to the occasion, and justice to the bounteous feast prepared for the occasion, which included everything that ever appeared in the great menus. If there were any deranged stomachs at the gathering, the outward appearance of things did not reveal the fact.

The one o'clock dinner was gracefully presided over by the Misses Ada Williams and Emma Guffin and Master Harry and Ralph Armstrong, Jesse Downey and Glen Guffin, clad in coats of spotless white, proved to be most courteous and efficient waiters.

The stately old mansion was tastefully decorated. The dining room, in pink and silver ribbon, pink roses, ferns and smilax, and a large white wedding bell in the midst of a cluster above the table, spoke of the nature of the occasion. The front rooms were decorated with bells, chrysanthemums and smilax, and the great staircase smiled in a profusion of cedar.

At 2 o'clock in the afternoon, a most propitious moment, when George Guffin, Kit Armstrong and Jonas Logan had exhausted their large stock of exaggerated anecdotes and amusing stories, Wagoner's orchestra of this city, was introduced, and sweet strains of music delighted all present.

At six o'clock in the evening there was another gathering—larger, younger and more vivacious than the first, and within the confines of the brilliantly lighted mansion, each did his part to add to the jollity of the closing hours of the day.

The seven o'clock dinner was neatly served by the Misses Mabel Meyers, Ada Williams, Emma and Mamie Guffin and Master Jesse Downey, Glen Guffin, Ralph and Harry Armstrong, while the orchestra played merrily on. This ended the twenty-fifth anniversary of this pair, who, though having worn the double yoke for twenty-five years, seemed indeed young as the youngest, and gayest of the gay.

The overshadowing accomplishment of their life is the rearing of four splendid sons and daughters to manhood and womanhood, each of which has accepted the religion of the Lord Jesus Christ, and the establishment of a Christian home, where many a preacher has fully sustained his tried chicken reputation. May they indeed live long and prosper, and may God give them peace beyond measure, and a joy that has no end.

Mr. and Mrs. Guffin were the recipients of an unusually large number of presents—testimonials of the friendship and esteem of their large circle of relatives and friends. The list will be published tomorrow.

GOSNELL BUYS RACE HORSES

Prominent Horse Trainer and
Driver Buys a Fine String
of Racers

Cambridge City Tribune: Curtis Gosnell has returned from Otterbein, Ind., where he secured for his stable of race horses, the promising mare, Josephine L., owned by James Tully. He has just received two horses from John Shaffer, of London, O. Also the young horse, Prince Washburn, 2:24½, owned at Shelbyville. In addition to these he now has in his string, Flying Jim, 2:13½; Lady H., 2:13½; Gilt, 2:14½, and Billy Redfield, 2:15½. Three of the above list will be sold to John S. Lackey's sale, on Monday night.

INCREASED SALARIES FOR RURAL ROUTE CARRIERS

Congressman Watson Says He
Will Introduce a Bill
For that End

Congressman Watson is one of the leaders of the movement to secure additional pay for rural letter carriers. "It is a mystery to me," said he, "how a rural letter carrier can live and make both ends meet, especially if he has a family to support. The maximum pay of \$720 a year seems pitifully small when we take into consideration the increased cost of the necessities of life and the fact that the carrier must furnish his own rig. If no one else introduces a bill to increase the compensation of rural carriers I shall do so."

MANILLA MAN SHOT IN BACK

Was Caught Stealing Chicken
and Receives Charge
of Bird Shot

A correspondent writing from Blue Ridge says: It is reported that a man from Manilla, while raiding a chicken coop a few nights ago at the home of Mrs. Dan Meltzer, received a load of bird shot from some party unknown, requiring the services of a physician. A few more effective shots from watchers protecting their property and we venture that wholesale thieving which is going on in this community, will stop.

DEAL ON FOR DOWN TOWN SITE

It is Understood that Capt.
Mauzy Will Sell Business Block.

It is understood that there is a deal under way for the purchase of the building occupied by Casady & Cox and owned by Capt. J. H. Mauzy. The party or parties who contemplate buying it would build a modern block on the site. Some time ago there was a rumor going the rounds to the effect that the Rushville National Bank would purchase both the Capt. Mauzy building and the William Helm building—occupied by A. L. Aldridge—and would build an office building with store rooms below.

LIKELY THAT THE MONEY IS SECURED

For the New Traction Line Which
Will Run Through This
County

The C. G. & R. traction line, which "touches New Salem in this county on the south," is beginning to take on the appearance of a "real reality." The Columbus Republican says: "The proposition made by the bond company was to send an engineer over the proposed route, from this city to Richmond, by way of Greensburg and Connersville, and if he made a favorable report the officials of the Chicago company said they would put up the money. The engineer made his trip and reported favorable. Now the company says it is ready to do business. The proposition now is for the Chicago company to furnish seventy-five per cent of the money needed, if the stockholders of the traction company will furnish the other twenty-five per cent. The stockholders of the road have agreed to this and it was expected that everything pertaining to the deal would be signed up by both sides at Chicago today. The men who were at Chicago today will return to Indianapolis this evening and a special meeting of the Columbus, Greensburg & Richmond is expected to be held either Saturday of this week or Monday of next."

THE STRIKE AND STRIFE SETTLED

Groundmen Follow Linemen
in their Strike and
Get Increase

ALL IS WELL ON THE I. & C.

Time is Money With the Traction
Company and They Grant
the Concessions

The I. & C. traction company has settled all the difference which has arisen in Shelbyville this week, and most of the concessions were made in favor of the workmen, presumably because labor is scarce and "time is money" with the traction company. The Shelbyville News says: On Wednesday morning the linemen struck for higher wages and before noon had succeeded in getting what they asked for. At the same time the groundmen struck for higher wages and also better accommodations to and from work, the two sets of men having been working on the same plan, but they were not so successful as the linemen for they had to back track slightly and the company had to move from the grounds they were contending were right. The groundmen will go to work this morning.

The groundmen have been getting straight pay no difference how long over the nine hours they worked and they had to return from work on their own time.

They demanded time and a half for their work after nine hours and also that they be returned on the time of the company. The company conceded to the last demand and agreed to pay the ground men time and a quarter after nine hours work which they decided to accept and will return to work again this morning at six o'clock.

COWING MAKES A HIT WITH HYMEN

When it Comes to Tying Knots
the Mayor is Part
Sailor

It was worth more than ten pins to get in—in the vernacular of the bowling alley—to see Mayor Harvey M. Cowing join "two souls but with a single thought" together according to the laws of our commonwealth today.

Some time ago the mayor purchased an old dilapidated Britannica Encyclopedia, and he has been reading up on the origin of matrimony and the marriage vows, and has long wanted an opportunity to give vent to the valuable fund of knowledge he had gleaned from its pages.

Today the opportunity presented itself and his honor surely did justice to the occasion.

He was summoned to the county clerk's office to make two loving hearts one, and with the ease and grace of an old church prelate he tied the knot. Before the marriage ceremony, however, he gave the happy couple the lecture he had committed to memory, and when he concluded, so eloquently did he deliver "the goods" that those standing by unconsciously burst into applause.

When the word was given out that the mayor was to perform his first marriage ceremony witnesses from the court room above, officials of the court house and several members in good standing in the Ananias club crowded around the railing of the clerk's office. But the curious crowd had little effect on his honor. He "waded right in" covering himself with glory, and it's good betting at ten to one that he made a big hit with Hymen, the god of nuptials.

Frank Storms and Miss Goldie Jordan, of Milroy, is the couple who "as the distinction of being the first and lucky ones. Perhaps civic pride played a part in the marriage this morning for the mayor himself hails from Milroy.

The Young Ladies Sewing Circle of the Second M. E. church met with Miss Cora Smith last night.

A nice crowd turned out to hear Evangelist J. Cairn Anderson at the United Presbyterian church. Rev. Anderson is a forcible talker and has just closed a successful revival in Glenwood. He lives in Alleghany, Pa.

YE EDITOR HOME FROM SOUL SAVING SEASON

Andersonville Herald Resumes
Publication But Goes
off Half Cocked

The Andersonville Herald comes printed only on one side and the editor, the Rev. F. Wilson Kaler, thus explains the reason:

"After an absence of eighteen days, the editor is at home again, ready to take up his duties. Our meeting was well attended and with good interest manifested. Two additions. We propose now to give you a good paper and want all the news. We ordered a new ink roller so our print would be plainer, but it was ruined on the way and we had to return it and are doing the best we can until we receive it. If this paper is only printed on one side you know the reason why."

THE PEN IS MIGHTIER THAN THE SWORD

St. Paul (Ind.) Telegram: The dog poisoner is abroad. Two of Dr. Howard's fine dogs, one of George Hess' fox hounds and Joe Lintner's beagle hound have fallen victims. A man who would poison a neighbor's dog would burn his barn if he wasn't afraid of the pen.

STOCK VALUED AT THOUSANDS

Shipped Out of Old Rush County During the
Past Week

FARMERS GET XMAS MONEY

Rush County Gaining a Name as
a Great Stock Producing
County

There is nothing to it, they cannot head off old Rush county, the Garden spot of Indiana. In the past week there has been in the neighborhood of \$25,000 worth of stock shipped out of here. Of course, Frank Mull's \$7500 for mules swelled this a bit, but aside from that, much stock, including hogs, steers and horses have been sent to the various markets of this great country.

And more, did it occur to you that our stock is attracting attention everywhere.

Frank Cotton, of Manilla, came home with the "bright ribbons" from the International Fat Stock Show in Chicago last week. Percy Walker attended a great sale in Nashville, Tenn., where they used one of his Jersey cows as an attraction—and the cow brought \$400 more than the sale price besides serving as a "side show" attraction which brought stock fanciers from all over the United States to the sale.

And here comes a report from Indianapolis this week that our stock was so large that it was hard to find buyers for it, but note that it was finally sold to a progressive firm at a fancy figure and they announce that it would be used for Christmas beef—getting \$500 worth of advertising for nothing. Then again a shipment of Hereford steers from this city brought the highest price given for some time—\$8—and they got their pictures in the "city" papers.

There is not a "bum steer" in the county, and its a "horse on" any man who says the stock raising business is "on the hog" here.

We have had stock stories each day—and by the way they were all worthy of chronicling—and here is the "continued story" of the serial for today:

O. J. Cook, of Richmond township, sold to Wellman & Young 159 hogs which averaged 257 pounds—all April pigs. He also sold to them a year old hog that weighed 750 pounds. These were all Mr. Cook's "own raising" and he realized \$2450 from the lot.

WORDS OF PRAISE FOR NEW THEATRE

Rushville Party Speaks in High-
est Terms of Connersville
New Play House

The party from this city which attended the "first night" performance in Connersville last night have nothing but words of praise for the play and more especially the new play house. Every member of the party was agreeably surprised in the size and beauty of it.

"And to think" said a prominent business man today who was in Connersville last night, "that we cannot have such a playhouse when this is a much better theatre going city than Connersville. The country people in this county patronize the local house, and with a good theatre where attractions similar to those which play at the English Opera House in Indianapolis, the attendance could be trebled at advance prices."

WILL ATTEND THE BASKET BALL GAME

The following persons will go to Connersville tonight on the I. & C. traction line to see the Richmond-Connersville high school basketball game: Guernsey Abernathy, Marguerite Neutenzelher, Charles Stiers, Hazel Cox, Charles Combs, Mary Neutenzelher, Louis Frazee, Mattie Hogsett, Ralph Edgerton, Hazel Lytle, Bennie Sparks, Curtis Lore, Harry Osborne, Zelma Cox, Ralph Harold, Edith Wilk, Jessie Anderson, Allen Hiner.

HIS CORN AVERAGED 60 BUSHELS PER ACRE

Bert Reeves Has "Corking Big"
Average in One Hundred Acres

Bert Reeves, the well known farmer who lives west of this city, has finished gathering his corn. He had 100 acres which made an average of 60 bushels to the acre—and that's some corn if a scare crow should climb down off his spinal column and ask you. He has plowed up 50 acres of sod which he intends to put in corn next year.

SAYS CLASS WORK SUPERCEDES CLUB

Mrs. Donnan, Who Comes Tomorrow, is Appreciated by
the Thinking People

Mrs. Donnan comes tomorrow to this city, and will meet at 2:30 o'clock at the Social club rooms with her class. The Shelbyville Republican has this to say relative to Mrs. Donnan and her class in Shelbyville: Mrs. Donnan is always pleasing and she was certainly at her best yesterday afternoon, as she gave in part the drama of Thomas Bailey Aldrich (Judith of Bethulia). Class work is superceding club work in many cities. The majority of women have had enough of writing papers and leading conversations and are turning eagerly to study classes conducted by persons who have fitted themselves for the work.

CONNERSVILLE WILL GET PART OF SAGE'S MILLIONS

R. E. Chadwick, of Columbus, Indiana, has purchased the McFarlan hotel, of Connersville from Mr. V. K. Brown, who has been its landlord for some two years past. Mr. Chadwick will take possession January first. The trade was closed this afternoon. Mr. Chadwick's mother-in-law is a niece of the late Russell Sage, and through the millionaire's death came into possession of considerable sum of money.

Additional Local News.

Margaret Bundy has filed a complaint for a divorce from her husband, George B. Bundy, alleging drunkenness and cruel treatment. The parties live at Knightstown and have been married about thirty years. They have several grown children. Bundy is well known here, having moved many houses.

The Greensburg Graphic is still clipping jokes (?) out of last year's almanac and substituting the word "Rushville" for "Sneadunk." We hope this one was on the back page: "A Rushville woman while in the dentist's chair the other day, attempted to talk with two rubber bands, a napkin, a mirror and a drill in her mouth."

The officers in the Tanpah Tribe No. 102 I. O. R. M. will be duly installed January 8th. An invitation has been extended to Otonka Tribe No. 94 of Connersville, to visit with the local tribe on that night.

Next Tuesday night the Red men will have work in the Adoption degree.

Eighteen DePauw University "coeds" are arranging for a Christmas tree and dinner at the "dorm" at noon next Wednesday. Among the young women are some of the most popular under-class men in the university, and during the long sorority "spiking" season they have had a table reserved especially for them. They are arranging a special menu, and each of the girls will be dressed in white in celebration of the event.

A large Christmas tree, on which 189 gifts will be hung, will be placed close to the "co-ed" table. Each girl will give gifts to each of the other, the cost of the trinket by agreement, being not more than 5 cents. Among the eighteen are the Misses Aileen Wilson and Bernice Anderson, of this city.

Willard Kincaid arrived here last night from St. Louis, and will leave tonight for Cleveland.

STOP AT HOME AND BUY EARLY

A Timely Suggestion Now
That the Holidays are
Near at Hand

AND BUY AT HOME.

Outside Buying, With Incidental
Expenses of Trip, Make Purchases Highly Expensive.

The stores in this city have put on their gala dress and festive robes. The spirit of Santa Claus and Xmas is in the air.

The season for holiday shopping is near. Here is a suggestion. Shop at home and buy early.

There is no reason why any Rushville people should go out of town for Christmas goods. The stores of this city have as compete and as new an assortment as any buyer can demand. Prices in this city are as low as in Indianapolis or in any other city, and generally lower. Our merchants are entitled to the trade on merit, and it is a shame if they don't get all of it.

Everyone knows what it means to go to Indianapolis on a shopping trip. Incidental expenses make every purchase highly expensive. Nothing is gained and the money is lost to Rushville.

It is not economy and it is not loyalty to our fair little city.

Buy early. There is always a rush toward the end of the season, and consideration for the clerks, as well as self-interests, suggest the wisdom of buying before the holiday rush is on. Get in early, before the stocks are picked over by a thousand early buyers. You will find that it pays. "You will have more to select from, more time to do it, and it will be possible to give you closer attention than can be got in a rush. Let everybody buy at home and buy early.

WORTHY POOR PEOPLE HAS RUSHVILLE ANY?

Charity Organizations in Helping
the Poor Should not Pamper
the Shiftless.

Christmas, the season of gifts draws near, when the kindest feelings of our hearts go out to those about us. Charitable organizations are getting ready to remember the poor and the Salvation Army Corps is soliciting in order to give the WORTHY poor in our city a Christmas dinner. All this is very commendable, especially during hard times when the poor cannot get work and earn sufficient to keep them.

But the question this year is, "Has Rushville any worthy poor people who need assistance of the charitable?" It may have, but the fact is patent to all that this city has more shiftless people than worthy poor.

This city, along with the county and nation has enjoyed an unprecedented prosperity and this has created a great scarcity of labor. Employers are in dire straits for sufficient help to run their factories; farmers [the past season have been unable to secure sufficient help to harvest their bountiful crops and] housewives are sorely troubled because they cannot get domestics. The country is now in the midst of such a labor famine as has never before been known in history.

Everybody who can work at all can find jobs and at good prices, so there is no excuse for anyone to plead poverty and sit around and wait for assistance. The township trustees should be very cautious this winter to whom they give aid. Aid should not be given to those who CAN work and WONT work. Charitable people and organizations should exercise great circumspection in making donations lest instead of helping worthy poor, they pamper the unworthy shiftless.

The installation of the officers of the Women's Relief Corps will occur at their first meeting in January. The following officers were elected at their regular meeting this week: President, Margaret English; Senior Vice President, Laura Wolverton; Junior Vice President, Maggie Brown; Treasurer, Alice Bainbridge; Chaplain Mary R. Gregg; Conductor, Josie Webb; Guard, Clara Morton, and organist, Clara Gregg.

LONG DRAWN TRIAL

Hearing In the Case of Kellogg May Continue a Week.

STATE'S HARD FIGHT

Alleged Canadian Land Swindler Once Acquitted Being Tried on a Similar Charge.

On the Stand at Lafayette Kellogg Maintained That He Himself Was a Victim.

Lafayette, Ind., Dec. 14.—Ulysses B. Kellogg, the alleged Canadian land swindler, went on the witness stand in his own defense and detailed to the court and jury his experiences as a land agent.

The Kellogg trial is being held in the circuit court, and has been in progress since a week ago last Monday. The state introduced thirty witnesses and the defense has examined twenty. Kellogg is accused of the specific offense of stealing from Samuel L. Mitchell, a Battleground farmer, the sum of \$50 by trick and fraud. He acted as a land agent here and in Bloomington, and collected as much as \$10,000 for the Northwestern Land and Immigration company, as he asserts, but the prosecution declares the company is a myth and never had existence outside of Kellogg's imagination. Kellogg was acquitted at Bloomington last May on a similar charge, but the circumstances were not entirely the same.

Kellogg tells a complete story of his connection with J. A. Smith and C. E. Rogers, principals in the land and immigration company, but the state alleges that no such persons as the J. A. Smith and C. E. Rogers he refers to ever existed. Kellogg's defense is that he was a dupe of Smith and Rogers, and that they got all the money he collected for the sale of options on imaginary Canadian lands. The trial probably will last until the middle of next week. It is likely to go to the jury about next Wednesday. The state is determined to prove Kellogg guilty, and it sent to St. Paul for a number of witnesses to testify that there was never such a company as the Northwestern Land and Immigration company. Kellogg asserts the company has its headquarters there.

Unsettled weather in the Northwest had a strengthening effect in the Chicago wheat market.

NO TROUBLE REPORTED

Severance of Ancient Tie Not Marked by Sensational Incidents.

Paris, Dec. 14.—The first day of the severance of the ties between church and state was marked by the total absence of any of the sensational or dramatic incidents anticipated in alarmist quarters in connection with the execution of the law of separation. The parish priests everywhere celebrated mass in the presence of unusually large congregations, but the actions of the authorities were confined to noting infractions of the law and citing the priests and vicars to appear before justices of the peace.

Everywhere legal notices have been served for the evacuation of the ecclesiastical residences, the seminaries, etc. Several of these buildings were abandoned without further ado, but a majority of the prelates, while fully prepared to go, announced that they would not depart except under duress.

In many parishes both in Paris and the interior, Catholic laymen came forward and spontaneously filed declarations for the holding of services in the designated churches during the coming year. If this practice is generally followed it will be a distinct victory for the government, relieving it of the possible necessity of closing the churches and throwing on the clergy the responsibility for the discontinuance of public worship. The net result of the uncompromising attitude assumed by the vatican in this conflict with the French government seems to be that the clergy will lose its pensions, 38,300 of which have been granted and gazetted since the beginning of this year; that all aspirants to the priesthood will be compelled to perform military service, and that the taking over of the episcopal mansions, rectories, seminaries, etc., by the state department and the communes will occur immediately instead of in December, 1907.

According to well-informed persons, the government intends to respond to the attitude taken by the vatican by submitting to parliament a proposition to settle definitely the situation of the church in France. Under this proposal the church will forfeit all benefits under the law of 1905, but it is to be provided with an opportunity of carrying on public worship in conformity to the common law. Church property is to be handed over immediately to the civil authorities on condition that it be reserved for purposes of worship and the positions of cardinals and bishops, as foreign officials, will be dealt with later in the event the government finds it necessary so to do.

White House Season Opened.

Washington, Dec. 14.—The annual cabinet dinner, the first social function of the session at the White House, was given by President and Mrs. Roosevelt last night.

Another Black Hand Murder.

New York, Dec. 14.—While celebrating his forty-fifth birthday last night with his family and a number of guests at his home at Bath Beach, Frank Massa, a well-to-do saloon keeper, was shot by one of three assassins who had gained entrance to the house. All three of the men escaped. It is said that about a week ago Massa was visited by a man who claimed to represent a "Black Hand" association, and who demanded \$1,000 under penalty of death.

Fog Causes Fatal Wreck.

Mentor, O., Dec. 14.—Two trainmen were killed, one fatally injured, and three passengers hurt when a fast freight train crashed into the rear of a passenger train on the Nickel Plate railroad two miles east of here last night. The passenger train had stopped to take water and a flagman was sent back to signal following trains, but owing to a dense fog the engineer of the freight did not see the signal.

A DANGEROUS MISTAKE.

Rushville Mothers Should not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

'Tis a mistake to neglect these troubles. To blame the child for its own distress. Seek to cure the kidneys—Save the child from deadly kidney ills. Doan's Kidney Pills cure sick kidneys.

Mrs. Charles Petet, of 27 North Vine St., Shelbyville, Ind., says: I was sent to a drug store for Doan's Kidney Pills to give to my little boy, who was afflicted with nocturnal weakness of the kidneys, caused by an attack of scarlet fever. There has been no cessation of the trouble until I gave him this remedy, although we have given him other medicines and prescriptions, which failed to relieve him. Doan's Kidney Pills brought such prompt relief that I highly recommend them for children with weak kidneys."

For sale by all dealers. Price 50 cents Foster-Milburn Company, Buffalo, New York, sole agent for the United States. Remember the name—Doan's—and take no other.

Do Not Dose the Stomach

Cure Catarrh by Breathing Hyomei—Sold Under Guarantee

The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs.

Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.

By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat, and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane. F. B. Johnson's faith in the merit of Hyomei as a cure for catarrh is shown by the guarantee he gives with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction.

A complete Hyomei outfit, consisting of a pocket inhaler, a bottle of Hyomei and a medicine dropper, costs but \$1, extra bottles of Hyomei, if needed, 50 cents. F. B. Johnson gives us personal guarantee to refund the money if Hyomei does not relieve, so that you can run no risk at all in buying this reliable remedy.

We have on our register books hundreds of names of patrons from in and around Rushville. Commendations which have been most gratifying have come to us from time to time unsolicited. The remarkable cures can be explained only from the fact that a correction of the existing "Eye Strain" puts a stop to the attendant leakage of nervous force, and enables nature to build up and restore the system to normal condition of health. Glasses correct the fault, nature restores.

There is great satisfaction in knowing that your glasses are right. Do not wear misfits. If your eyes trouble you in any way consult us. We guarantee satisfaction.

Legansport Wants Factories.

Legansport, Ind., Dec. 14.—During a mass-meeting of Legansport citizens which was presided over by former United States Minister Magee, nearly \$40,000 was pledged to a \$100,000 factory fund. Mr. Magee injected his own enthusiasm into the meeting, and twenty business men pledged \$1,000 each, while others subscribed \$500 each. A committee was appointed to canvass the city for more subscriptions, while another was charged with the duty of preparing articles of incorporation.

The real name of Joe Weber, the famous little comedian, is said to be Tackacs, which means, in Hungarian, "a weaver of cloth."

The Sexton Comedy Co. will be the attraction at Carthage tomorrow night. They play "A Crazy Idea," the strongest bill in the repertoire.

The new skating rink is almost completed. The Rushville Band will play on the opening night, which will be about the 25th or 26th.

"Enigmarelle," the mechanical man has made a big hit at the Grand opera house in Indianapolis this week. It is attracting the thinking people and creating quite a bit of comment.

The Happy-go-Lucky club will attend the matinee at the Grand Opera house this afternoon, after a luncheon at the Claypool hotel. They will return this evening in their special car.

The high school orchestra, which played for the first time at the local opera house for the "Little Swede" show, has been engaged by Manager Mullin for the remainder of the season.

When McIntire and Heath were in Indianapolis last season with their "Ham Tree" show they attended a performance at the Grand Vaudeville theatre, and Charley Case was on the bill. Case is likewise black face comedian, and like the stars of the Ham Tree is in a class of his own. Heath who has made millions laugh said after the show: "There is nothing to it, Charley Case is undoubtedly the funniest man on the American stage today. I seldom laugh at a performer, but there is one that sets me going every time I see him—and I never miss an opportunity." Case is on the bill at the Grand next week, with several other headline artists.

BY THE WAYSIDE

A crowd of people from this city who were in Indianapolis last night loaded on a Shelbyville car which was about ready to pull out, thinking they were aboard the car for Rushville. One of the number had "opened up" an impromptu berth, had carefully spread out a newspaper to cook his feet on, holding in one hand a ticket for Rushville and in the other a ticket for the "Land of Nod." The "women folks" arranged a first act setting and were settled back comfortably for a good "talk," when a Rush county man happened along and seeing them settled back in the arms of Morpheus and Comfort, "sounded the alarm" and a wild scramble followed. The motorman on the Rushville car was madly ringing the gong—"we're off,"—and the party fairly flew and fell in reaching the home-bound car. They had all the requisites for traveling—except a parrot or canary in a cage—and at least twenty "willing hands" helped make the transfer—picking up bundles right and left.

The Peoples' Gas Company struck a gusher yesterday on the farm of G. P. Mauzy, north of town, which showed a thirty-foot blaze. The well was drilled by W. A. Mull.
